

/ DIPG FACTS /

*Experts believe a cure for
DIPG may lead to:
**THE HOME RUN CURE
FOR ALL CANCERS.***

Diffuse Intrinsic Pontine Glioma (DIPG) is a type of brain tumor found in the pons, which is part of the brainstem. The name describes how the tumor grows, where it is found, and what kinds of cells give rise to the tumor.

***DIPG primarily
affects children.***
